1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest to one of ordinary skill in the art, along with all the other limitations of the independent claims, the method using existing Automated Teller Machines (ATMs) for voting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Johnson 5,682,428 discusses voting and ATMs in the same reference but teaches away from combining the two in a single system/method. Glover US2003/0052160A1 teaches using ATMs in a voting system/method, but fails to predate the current application's effective filing date. JP09007035A and JP08202785A both state ATM's and "vote" in their translated abstracts, however, the translation to "vote" is not synonymous to an election ballot.
